Dear Cattleman,

It is indeed a pleasure for our firm to represent the many National Shorthorn & Polled Shorthorn consignors in this their annual National Sale.

Leading Registered Herds from throughout the entire United States and Canada will be represented in this sale the evening of January 13th on the Hill in Denver.

Certainly to be consigned will be one of the top sets of Bulls ever to be sold in Denver. This sale has always been a source of herd leading herd sires or big and rugged commercial bulls.

Also to sell will be a very useful offering of bred & open females as well as a few select lots of cow-calf pairs.

Denver's National Western Stock Show has always been a site where purebred breeders and commercial ranchers have met to discuss the changes in their respective fields.

Make your plans now to be in Denver the afternoon of January 13th for the parade of sale cattle and to rub elbows with fellow cattlemen. Then plan to be present in the evening for this most eventful sale.

If we can aid in any way to make your visit a more pleasurable one please feel free in calling one of us.

Sincerely,

*Bruce*

WEST WIND GEM FAITH x - This modern stylish heifer is the kind you'll like. She was in our show string this year. She's line bred. Her mother is a big Ed White cow originally from the herd of Dr. Martin Nold, and is a terrific female. This heifer is sired by Revolution that has sired all our top females. She has three half sisters that were "All Americans last year". Need we say more? She was calf champion at Spencer & Iowa Premier show, Reserve Grand Champion at Waterloo Cattle Congress, 3rd in class at Iowa & Minn State Fairs. She was in our group that stood up at all the top shows. She has a ½ brother that is really good and will be in our show string next year.

ERNMORE ROSEWOOD 2ND - A very good Brandon Experimental farm cow, with a tremendous Image Sept. heifer calf at foot, and will be rebred by sale time. We wouldn't price this pair to our customers, but in order to keep the high calibre of this sale we consented to put her and dam in. Very seldom do you get a chance to buy this kind outside of a dispersal sale. Tremendous future for someone starting out in Shorthorns, this pair can go into any herd and be an asset.
